We stock of all Government publications. There appears no need to ask them whether they will take over all the issues of any specific Govt. publication. Their intentions appear to be fairly clear from their letter dated 6 Nov 1909. They wish the Govt to send them publications on commission sale in the same manner as is done by other Govts. That is, they will indent for such publications as are wanted by their customers ~~and desire~~ ~~to~~ if a commission of 33 1/3 p.c is given them. They state that accounts are made quarterly. The only points that seem necessary to inquire into are (1) what are the publications that they want, whether educational works published by Govt or Administration reports &c and (2) whether they will indent for a specific number of copies beforehand or will indent for them as they receive orders. 15 The Firm are not prepared to take over the whole of the Copies of a publication issued from the Press, but they want copies to be supplied to them from time to time according to their indents. The Superintendent says this arrangement would only add to the quantity of work at the Govt Book Depot and would not recommend the acceptance of the Firm's offer. It is clear that such acceptance will not ~~result in~~ be of any advantage so far as the disposal of the surplus stock of old publications, now said to be taking up a large space in the Depot rooms, is concerned, or as regards lightening the work of the Depot Establishment.

27 The question then only remains whether, with a view to better advertise the sale of future publications of Govt, the arrangement proposed by the Firm may not be favourably considered. As other Local Govts in India have separate authorized Agents made similar arrangements for the sale of their publications, a similar tentatively arrangements may be made here, and ~~the~~ its working watched for some time. of Mysore, General and Revenue Departments, Bangalore.

SIR,

(1) With reference to your letter No.G.2990 / G.M.172-09-2 dated 30th November 1909, I have the honor to inform you that the primary object of the Book Depot is the stocking and distribution among country schools of educational publications, and school materials. Unfortunately for the proper discharge of its legitimate functions the Book Depot has come to be regarded by other departments as a dumping-ground for their surplus reports and other unsaleable publications. This has resulted in hampering the work of the depot (1) by making undue demands upon the available space in the depot, and (2) by increasing the clerical work of the establishment.

(2) In order to diminish the strain upon the depot, a proposal has been submitted to Government to sell off a considerable portion of the old unsaleable stock - of the ~~normal~~ nominal value of Rs. 36304 - 7 - 9 at a liberal discount, or by auction as the case may be, and a list of these books is in course of being printed for circulation. When this stock is got rid of, it is anticipated that there will be sufficient space available for the immediate wants of the Depot.

(2) List is being printed

(1) Please linked file G.M. 172 No. 7

(3) In accordance with Government Order No.4320-61 / Gen.174-07 -4 dated 24 January 1908 the Superintendent of the Printing Press began to supply to the Book Depot copies of printed orders of public interest for sale and no extra provision was made for the extra demands on the space or clerical staff of that establishment.

(4) Messrs Higginbotham have now tendered their services as agents for the sale of Mysore Government publications on the same terms as they get from the other local Governments, viz., 33-1/3 % on all publications sold - carriage and cooly being paid by them.

(5) It is not clear from their letter whether they offer to take over the whole of the copies of a publication issued from the printing press, or whether it is intended that the publications shall be stocked at the Book Depot and copies issued to Messrs Higginbotham from time to time in such numbers as to meet their probable requirements. In the latter case there would be no advantage whatsoever to the Book Depot; indeed there would be rather an increase of the clerical work of the establishment; and Messrs Higginbotham would gain the advantage of a bookseller's discount without the bookseller's risk of having a stock of unsaleable works belonging to themselves on their hands.

(6) But if Messrs Higginbotham will take delivery of the whole issue of any Government publication other than educational works, and such other works as may from time to time be excepted by Government, and provide accommodation in their own premises for stocking such works, and supply the clerical staff necessary for maintaining proper accounts of such Government property committed to their care the terms proposed by them seem to be fair; and the Book Depot would gain the advantage of being relieved of the necessity for providing accommodation and maintaining accounts for such works.

I have the honor to be,

Sir,

SIR

With reference to your letter No.G.3662 / G.M.192-09-4 dated 20th January 1910, I have the honor to inform you that Messrs Higginbotham do not contemplate delivery and payment once for all in the case of books for the sale of which they act as agents. I think that they propose to keep the Government publications on commission sale; that is, as they require books they will indent from time to time for any number they choose to specify, and account to the Curator of the Book Depot for the copies sold from time to time, charging a commission of $33\frac{1}{3}$ % on the value of the books sold. In other words they propose to maintain a Branch Depot and charge commission at the rate of $33\frac{1}{3}$ % while other Branch Depot Keepers of the Government Book Depot only get $6\frac{1}{4}$ % in accordance with the rules for the Management of Branch Book Depots in Mysore, and outright purchasers of books over Rs.200 in value get only $12\frac{1}{2}$ %.

It is not quite clear whether they wish to take over the whole of the copies of a publication or only a portion: in either case they do not propose to pay outright. In the former case they
